AMENDMENT

Commissioner of Patents
 Washington, D.C. 20231

Sir:

Responsive to the Office Action of March 2, 2001, the period for response
 having been extended one (1) month to July 2, 2001, the following remarks are
 submitted in connection with the above-identified application.

REMARKS

The Office Action of March 2, 2001, has been received and its contents
 carefully noted. Filed concurrently herewith is a *Request for a One (1) Month
 Extension of Time* which extends the shortened statutory period for response to July 2,
 2001. Claims 1-7, 9, 10, 17-24, 26, 27, and 30-55 are pending in the application, and
 are believed to be in condition for allowance.

Initially, the Office Action objects to the drawings for allegedly failing to show
 every feature of the claimed invention. Applicant respectfully traverses this rejection
 due to the fact that the claim feature "the first TFT having a bottom gate type and the
 second TFT having a top gate type formed on the first substrate" is illustrated at least
 in Fig. 11D of the drawings. Reconsideration and withdrawal is earnestly solicited.

The Office Action rejects claims 7, 9-10, 17-19, 27, 30, 51-52 and 54 under 35
 U.S.C. 102(e) as anticipated by *Takemura* (U.S. Patent No. 5,581, 092), claims 20,
 45-46 and 55 under 35 U.S.C. 103(a) as unpatentable over *Takemura '092*, claims 1-
